Pistol Chairman Report—Cobert Crews

We had 7 shooters for the February club pistol shoot. We shot steel targets and had a great time.

For March, we will shoot a Bullseye type shoot. Paper targets at 25yds, 15yds and 10yds. We will shoot rimfire

at 10 yds and centerfire at the other distances. We will need about 50 rounds of ammo. If anyone has any ideas for any shooting games, let me know. I'm open to new ideas. Hope to see you on the firing line.

Rifle Chairman Report—Dean Westerman

On the rifle range the berms are in desperate need of repair. We are in the process of obtaining estimates for that work. The schedule for tournaments is posted on the web and in the club house.

From The Range—Range Manager Bob Carmichael

Space is limited in this issue so I'm only going to address the changes since the last newsletter.

Painting has been completed and the results are dramatic. Come out and see how great your Club looks.

It is now club policy that empty cartridges be placed in a container or picked up after shooting is completed.

We are also looking for a contact at the Boy Scouts to see if they would be interested in collecting our

brass for resale. If you know of someone please contact me at the club.

Copies of the new Operating Procedures are available at the sign in desk.

That's it for now. See you at the Range.

Amended Club Hours

- Closed Mondays until 1pm for mowing and maintenance
- Range personnel on duty from 8am when the following holidays fall on a weekday: Memorial Day, July 4th and Labor Day
